 Nitin Bahuguna |  nitin-04

Gautam Buddha Nagar, Greater Noida

## EXPERIENCE

### • YUP Solutions Pvt Ltd

Full Stack Developer Intern

February 2025 - Present

Remote - Mississauga, Canada

- Led the end-to-end development of ZingoCal, a robust scheduling tool empowering users to manage availability, schedule meetings, and integrate with Google Calendar.
- Contributed to the development of a dynamic web platform using Next.js, React, Tailwind CSS, and Clerk for authentication.
- Implemented secure payment workflows using Stripe and optimized client-server communication with Axios and SWR.

## PROJECTS

### • DevDate

Tools: React.js / MongoDB / Node.js / Express.js

- Developed DevDate, a full-stack MERN application enabling seamless networking among developers through real-time connection requests.
- Engineered a secure back-end using Node.js and Express.js, integrating robust authentication and data management with MongoDB.
- Designed and implemented an interactive UI with React.js, enhancing user engagement and reducing page load times by 25

### • Annadata

Tools: React.js / Tailwind / Redux

- Designed and Utilising React, Parcel, Tailwind CSS, Redux, and npm, an online food ordering platform was created.
- To dynamically get and present restaurant information, menus, and details, the **Swiggy API** was integrated.
- Used **Redux** for 50% of the state management, **Parcel** for fast builds, and **Tailwind CSS** for responsive and maintainable design.
